

Vision Senior Living – David Reid Homes Exceeding Expectations

DRH (Northland) Ltd is our building contractor of choice for the development and building of the Vision Bay of Islands Retirement village. I am continually impressed with the focus on detail, quality of finish, delivery on time and to budget. In my years as a project manager very few companies have been able to deliver on the very high standard demanded by Vision Senior living. In DRH (Northland) Ltd's case they have exceeded our expectations.
